EDUCATION

Diploma In Civil Engineering

BCI Engineering Institute

2.96 out of 4.00
Year: 2016

Secondary School Certificate

Darul islam Technical Institute

4.66 out of 5.00
Year: 2011

OBJECTIVE

To secure a challenging position in the application development sector where I can apply my strong technical skills, creativity, and dedication to contribute to designing and developing impactful and visually appealing applications while staying abreast of industry trends and advancements.

With a solid foundation in web development, particularly in HTML, CSS, JavaScript, and backend technologies, I am eager to leverage my experience to create user-friendly, responsive, and high-performance applications. My passion for coding, coupled with a keen eye for detail, allows me to craft solutions that not only meet business requirements but also exceed user expectations.

EXPERIENCE

Jr. Software Developer

Duration: July 2024 – 31 Dec 24

Company: Ari Tech & Engineering

Worked as a Junior Software Developer, contributing to software design, development, and maintenance. Collaborated with the team to write clean code, debug issues, and implement features. Gained hands-on experience with tools and technologies while meeting deadlines and delivering quality solutions. Participated in code reviews, team meetings, and knowledge-sharing to enhance processes.

Internship

Duration: April 2024- June 2024

Company: Ari Tech & Engineering

Completed a hands-on internship, gaining valuable experience in software development and supporting ongoing projects, which led to a full-time role.

Diverse Non-Tech Experience

Duration: 2018-2023

Accumulated six years of experience in various non-technical roles, where I developed a wide range of transferable skills that have enhanced my adaptability and problem-solving abilities in my current technical career.
